Design: Piet Billekens

Negli oggetti di uso quotidiano la ricerca del segno formale rende talvolta secondaria la funzionalità.

Piet Billekens ha ristabilito nel progetto PLUS l'equilibrio tra concetto e funzione, disegnando complementi d'arredo non subordinati a stili o tendenze.

Massima attenzione ai materiali e peculiare controllo dei processi di lavorazione sono garantiti da Colombo Design che condivide il concetto di qualità totale.

*Sometimes the research of a formal design in everyday used objects might give to functionality a secondary role.*

*Thanks to Arch. Piet Billekens the project PLUS, has re-established the balance between concept and function, designing furnishing complements free from any style or trend. The highest attention was also given to the materials, with a peculiar control to the manufacturing process granted by Colombo Design that shares the common concepts of total quality.*
