ANNA- THE MAGNIFYING WALL MIRROR - B9760

- + Solid structure in zinc die-casting & brass chrome plating under **UNI EN 248** performances.
- + Performing junctions grant adjustable smooth motion and **long-life** promise.
- + Mirrors with magnifying factor up to **3.5x** ensure precise curvature for distortion-free optics, even around the edges.
- + Frame in Tritan™ by Eastman white coated with transparent outer edge.
- + Bright Citizen LED strip reaches **600 lux** and **90 CRI** for comfortable make-up or shaving operation. We take care of your convenience.
- + Inner touch sensor grants an IP protection grade **IP 54**, currently, one of the highest on the market.
- + Sensor touch **allows** easygoing operation and smart **dimable** function of the light.
- + The innovative inner chip shuts off the mirror automatically after **15 minutes**, ensuring smart energy-saving mode.
